The last meeting for the session of the Axminster Literary and Musical Society took place on Wednesday evening at the Council Schools. Dr. Langran presided over a crowded audience. Amongst those who appeared on the platform was Mr. A. Norman Kendall, of Exeter, who being well-known at these meetings, was received with applause. Mr. Balchin, also of Exeter, who made his first appearance, kept the audience in roars of laughter with his recitations. A vote of thanks was accorded the musical director, Mr. G. E. Austen, for his services during the session. The programme was an excellent one. Others contributing to it were Mrs. E. F. Austen, Miss Annie Stevens, Mr. Lewis, Mr. Austen, and Mr. C. Balchin.

The Bishop of Crediton preached both morning and evening at Axminster Parish Church before large congregations. In the afternoon at three o'clock a confirmation service was held. The St. George's ensign floated from the tower during the day.

Shaw's offer to lend, gratis, £3 10s to put up a footbridge at St. Leonard's, leading from Smallridge to Sainterbury, was also accepted. The Council was read from the Clerk of the Rural District Council, enclosing a letter he had received from the tenants of the allotments, in Chideock-lane, pulling up the allotments to the bad state of the path.—It was left to the Footpath Committee to visit and report.—Mr. S. Enticott called attention to the bad state of the path leading from the Market House to Phoenix-lane, and it was decided to have it seen to.—A sanitary rate of 2d in the £ on houses, and ½d on land was passed.

For a considerable period, the question of a public bath-house for Axminster has been under discussion, but the Parish Council up to the present have been unable to come to any definite decision upon this important question. At the meeting of the Council last night the question was again brought forward, and the public of Axminster will be glad to learn that a Committee was appointed to look out for a suitable place for public bathing.

Later in the day the happy couple left for their honeymoon. Directly after the ceremony merry peals were rung from the Church bells.

SANITARY MATTERS.

A meeting of Axminster Rural District Council was held after the Guardians' meeting last night. The former meeting the Council decided to ask the Colyton Parochial Committee to build a new sewer from Chard Road to Boyton Shop, and to pay for it out of the current rate. The Parochial Committee replied, saying that as the sewer would cost £1,000, and as the income of the village being made, it would be impossible to pay for it out of the current rate.

The Rev. Mr. Bastable (of Colyton does not be willing to do anything in the matter. I know about its being impossible.

Mr. Cuming: What is the use of asking us to do something impossible.

Mr. Cuming: I don't know about its being impossible.

Mr. Cuming: How can you pay for it out of the current rate, unless you have a civil war at Colyton, or cause the death of the rate collector—(laughter)

He had decided to leave the matter for the new Council to deal with.

A letter was read from the Local Government Board, intimating to the Axminster sewage disposal for the town.—The Rev. Mr. Bastable: Now then, Mr. Knight, it is your turn now—(laughter).—Mr. Knight: We shall have to take the bull by the horns now, I can see; that will be the long and short of it in the end.

The Clerk drew attention to a nuisance at Castle Hill. To said the stench was enough to kill a horse, and it was fortunate for the people that when he was there day he was smoking a pipe, or he would have collapsed—(laughter).

It was decided to attend to the matter.

The Rev. Mr. Bastable drew attention to the Hawkchurch water supply, and said he was asking the Council to take it in hand at once. He therefore suggested that the Inspector should report upon the matter to the next meeting.—This was agreed to.

Dr. Langin was re-appointed medical officer for the next twelve months.

At Ashburton Urban District Council on Friday the following were present:—Major Foader (chairman), Messrs. Amery, Baker, Foader, Mitchelmore Osmond, P. Tucker, W. Smerdon, and J. The Lighting Committee did not recommend any addition to the public lamps.—In the case of several persons who had improved as required by the Gas Committee, the Highway Committee were given power to deal. Mr. Osmond's motion to rescind the resolution barring free from infectious diseases, Mr. Pollard seconded, and it was lost by four votes to take the matter up again. The Lord Bishop of Crediton held a Confirmation service at St. Michael's Church, Beer, on Saturday morning. There were 19 candidates—7 males and 12 females. The clergy present were the Rural Dean (the Rev. P. J. Richardson), and the Revs. T. Wyndham and H. Gibbon. The Bishop expressed admiration for the new window in the north aisle which was given by Mrs. Miller. Later in the day Dr. Trefusis held a Confirmation at Membury.

The Correspondent reported the non-receipt of his salary to Christmas, and stated that the County Council required to know the proportion of salary as Correspondent and Attendance Officer respectively. The particulars were ordered to be sent.

A letter from the Attendance Sub-Committee suggesting a reduction of half-holiday for the school, where the attendance was 87 per cent. was considered, and the suggestion agreed to. A CRITICAL MIND

is the outcome of modern educational methods. The day has for ever gone when the statements of any lower eminent or however learned, on any public matters are accepted without question, simply because of their source. Every pronouncement from the Pulpit, the Platform, or the Press, is subject to keen critical analysis before it is finally acknowledged, as a truth. And it is right and makes for progress that it should be so. Let us thoroughly sift the evidence that is brought before us in favour of any proposition, separate the grain from the chaff, and so arrive at the truth. That is the position we want every sufferer from Kidney, Liver, and allied troubles to take up to-day with respect to Warner's "Safe" Cure. When we say it is a Cure we know we say that which is true. But you want, and rightly want, more than that. You want evidence, and we are prepared with it in character most convincing, in quantity overwhelming. If you have lingering doubts in your mind as to the value of Warner's "Safe" Cure, write to us and we shall not fail to satisfy you. Remember that Warner's "Safe" Cure has an uninterrupted record of twenty-two successful years behind it. It has cured cases of Bright's Disease, Dropsy, Indigestion, Gravel, Stone, and Rheumatism, apparently hopeless; given back to life and vigour many, and at the very gates of death. It can cure you. We affirm it and experience will prove it. It is yours for the asking. A trial bottle is at your disposal to-day. Do not hesitate to take advantage of our offer. Send a penny stamp to Messrs. H. H. Warner and Co., Ltd (Dept. 30), 26, Clerkenwell-road, London, E.C., and you will live to bless the day on which this announcement caught your eye.

MORE TORQUAY PASSIVE RESISTERS.

Two more Torquay Passive Resisters appeared at the Police Court yesterday—namely, the Rev. Robert Andrews and Dr. George Black.

Rev. Robert Andrews said he would not take up the time of the Bench. He wished just to say that he had a conscientious objection to the Education Act.

Rev. J. C. Johnston appeared for Dr. Black, who was absent from Torquay, and made the same objection.

Rev. Charteris Johnston asked that one warrant might be issued for both.

This was granted.

Since defendant had been in prison (Mr. Mercer added) he had torn up every scrap of his clothes.

The Bench sent Savage to gaol for fourteen days for begging.

The Head Constable remarked that a constable from Wellington was waiting for the prisoner.
